46.	Schedule C 12.2.4	MANUFACTURER will be allowed to supply the required quantities from the approved Out-of-Kingdom plants only for the first two (2) years (24 Gregorian Months) from the PURCHASE CONTRACT signing date or until the start of production from their local plant, whichever comes first but not more than forty percent (35%) of the guaranteed quantities indicated in Paragraph 12.2.1 above. Is it 40% or 35% pls clarify	It is Thirty-five (35%). So, paragraph 12.2.4 of schedule C shall read as follows: *MANUFACTURER will be allowed to supply the required quantities from the approved Out-of-Kingdom facilities only for the first two (2) years (24 Gregorian Months) from the PURCHASE CONTRACT signing date or until the start of production from their local facility, whichever comes first but not more than thirty-five percent (35%) of the guaranteed quantities* indicated in Paragraph 12.2.1 above.
